

AGC Mobile App

The AGC of WKY App provides efficient, streamlined and user-friendly access to important plan information as well as a real-time membership directory. A list of events and other general information about the AGC is also included in the App.

Accessing the App for the first time is easy. Go to www.agcwky.org on your mobile device and the App home screen will appear.

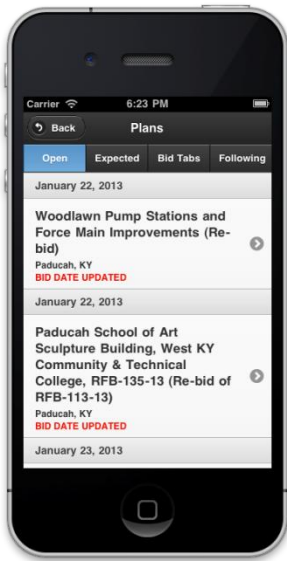

This is the home screen of the mobile App. Enter your member email address and password to access the plans and member directory.

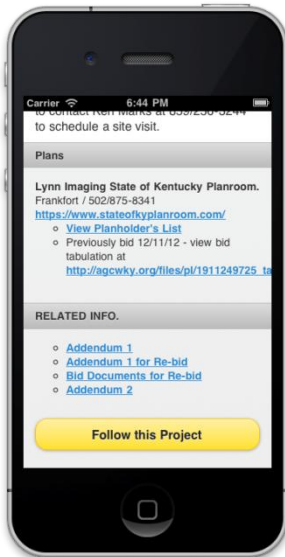

iPhone users can install the App directly on their phone by clicking the "Add to Home Screen" button at the bottom of their web browser.

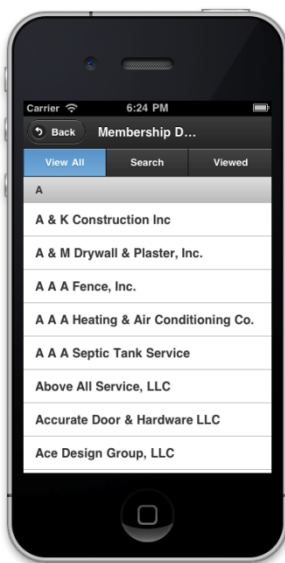

Android users can quickly access the App by creating a bookmark.

Members can quickly and easily scroll through all plans and bidding information.

Follow (or stop following) a project in a single click.

Users can easily scroll through the entire list of members, use the search feature.
